

Brock Sisters Productions proudly announce the award-winning educational DVD series, Kids Love Spanish™.

children and learn from observing each other. Parents and teachers rave about how fun, easy and useful these DVDs are for children!

Creators and local moms, Krisse Brock Kelly and Julie Brock Campbell, both studied Spanish throughout school and studied abroad in Mexico and Chile and Krisse later became a bilingual teacher and vice-principal. Once they started their own families, they noticed a void in the market for Spanish DVDs, so they decided to create their own program.

Kelly and Campbell are not alone. More and more moms are interested in exposing their children to a foreign language at an early age because of its many benefits. "Children exposed to the sounds of a foreign language earlier in life are better able to learn that language, becoming bilingual as they grow

older, and become more successful overall," Gloria Gilbert, Ph.D., Child Psychologist. Teachers agree that the Kids Love Spanish™ DVDs are the best on the market. First Grade Teacher from Lawndale, California, Jodi Manby, said, "I highly recommend the Kids Love Spanish™ series for all young learners. As an educator, I have often searched for quality materials on teaching Spanish and have never been satisfied. Finally, with this series, I've found exactly what I've been looking for!"
